Child ID Program

May 15, 2019
2:30 pm – 5:30 pm
Lynbrook High School

The Lynbrook Teachers Association, in conjunction with the Lynbrook School District and the New York Life Insurance Company, is proud to offer the tenth annual Child ID Program to help keep the children of our community safe.

The Child ID program is a free service that will provide you with an ID card of your child, containing a picture and other important information. Parents will fill out a short form with the vital data (height, hair color, eye color, etc.), a picture and fingerprints will be taken of the child, and a laminated ID card will be printed on the spot. This type of ID card is something that every parent should have.

Come join us on May 15th in Lynbrook High School from 2:30pm – 5:30pm.

Additionally, we would like to take this opportunity to remind you that May 15th is also the final day to register to vote. Voter registration is available at the High School from 12-9 pm. The school budget vote will take place on May 21st.
