

## **Marion Street PTA Traffic Safety Rules**

It's a new year at Marion Street so we felt it was important to send out a list of the safety rules as a reminder and for those that are new to the school. These rules will help keep traffic moving smoothly and safely.

1. Do not park your car illegally in front of Marion Street. If you plan on getting out of your car, please use a LEGAL parking spot and do not park where children are being dropped off.
2. Please wait for a volunteer to escort your child out of the car. Children should NEVER exit on the driver side into traffic.
3. If you choose to allow your child to exit quickly without a volunteer please wait in line to exit Marion Street. Do not drive around the cars in front of you as it can cause an accident. Remember Marion Street is a busy one-way street during school drop off and pick up. Please be patient.
4. Do not use student drop off if you need to get something out of your trunk or your child isn't ready to exit the car quickly. Use a legal parking spot and escort your child to the school building.
5. If kisses and hugs are needed before your children evacuate the car please find a legal parking spot to park and don't use drop off services that morning.
6. Do not stop your car by the crossing guard to let your child out of the car.

**After school pick up** – please use a LEGAL parking spot to park your car. Also refrain from parking in the teacher's parking lot. Do not block driveways.

Please remember to adhere to the crossing guard's directions when driving and note that NYS Law prohibits making a U-Turn in school zones. Marion Street is a one-way street from Irving Pl. traveling toward Waverly Ave. during school drop off and pick up.

If you don't drive or pick up your child after school, please share this memo with the person that does.

*We thank you in advance for following these simple traffic rules.  
Volunteers for this committee are always welcome.
