

# MIDDLE & HIGH SCHOOL

This is a challenging time for our families. We value the very important role that parents play in remote learning and greatly appreciate your efforts to work with us. The part you play in remote learning is instrumental in helping your child succeed. Here are a number of suggestions teachers have made in order to help support parents in this endeavor.

## Technology Issues

Have students sit closer to the modem. Turn off all unnecessary devices that are using bandwidth. If you are having difficulty with technology from home, you can email the specific school computer aide.
