As an active PTA, SEPTA offers parents help in understanding the special education system. Parents new to special education will benefit greatly from the SEPTA support network. Parents already involved are continually learning new information and are eager to share their extensive knowledge and experience. SEPTA coordinates parent information presentations led by professionals in the field of special education. Monthly SEPTA General Meetings provide updated information and discussion of issues concerning all of the schools in our district.

WHO ARE SEPTA MEMBERS?

Parents, families, teachers and school administrators. Anyone having an interest in the welfare of children with special needs.
